

## Phenom 300

# PHENOM 300

The Phenom 300 sits at the top of its class in many aspects. Capable of speeds up to Mach 0.80, it is one of the fastest jets while also offering a maximum range of 2'000 nautical miles or 3'700 kilometers. It is the perfect machine for fast and comfortable travels within Europe, with up to 8 passengers on board.

With its 6 individual seats, a large 2 seat sofa, and a small galley, the Phenom 300's cabin is built for you to enjoy a comfortable flying experience.
